ICYMI: National Electrical Contractors Association (NECA) Endorses Rocky Chavez for Congress

SAN DIEGO, CALIFORNIA – Last week, by unanimous decision, the NECA San Diego Board of Directors voted to endorse Rocky Chavez for Congress in the 49th District.

Executive Director Andrew Berg commented “Rocky is a uniquely qualified candidate who brings experience and passion to the table. As a proven leader and a champion for his community, Mr. Chavez understands the business model of NECA Contractors and has strongly supported the construction industry. He has long recognized the direct impact this industry has on the nation’s economy and has fought cumbersome governmental regulations at the local and state level. Col. Chavez (Ret.) will no doubt hold federal agencies accountable for every dollar.”

"It is truly an honor to receive the endorsement for the 49th Congressional District from NECA," said Congressional candidate Col. Rocky Chavez (Ret.). "This industry plays an important role in our economy — providing jobs and innovations. They pride themselves in being solution-providers, which is exactly what I'll be for the voters of this District in Washington, D.C."

NECA is the voice of the more than 650,000 electrical construction professionals that bring power, light, and communication technology to communities across the U.S.

Chavez served as Acting Secretary of the California Department of Veterans Affairs, is currently the Chair of the Governor’s Military Council, and was a City Councilman before being elected to the 76th Assembly District, which includes Camp Pendleton, Carlsbad, Encinitas, Oceanside, and Vista.
